**Group Art Unit:** 3683

**Filed:** January 21, 2004

**Examiner:** Schwartz, Christopher P.

**Title:** MODULATOR NOISE REDUCTION VIA MOTOR CONTROL

**INTERVIEW SUMMARY**

**Commissioner for Patents**

P.O. Box 1450

Alexandria, Virginia 22313-1450

Dear Sir:

On April 4, 2008, Applicant's Representative, Sam Haidle, conducted a telephone interview with Supervisory Examiner Robert Sinalfi.

Claims 1-9, the Final Office Action of November 16, 2007, the Request for Reconsideration of January 16, 2008 and the Advisory Action of February 14, 2008 were specifically discussed. In particular, Applicant expressed the frustration toward Examiner Schwartz as he has repeatedly failed to address dependent claims 2-9. Applicant quoted certain portions of the Request for Reconsideration and the subsequent Advisory Action as examples of the errors.

Examiner Sinalfi noted the frustration and inquired if it would be satisfactory to provide further explanation and support for the rejections of claims 2-9 in a subsequent response. Applicant stated that this would be satisfactory and requested that the current Final Office Action be withdrawn and replaced with a subsequent Office Action setting forth the additional explanation. This subsequent Office Action would automatically

restart the time period required for the Applicant to reply. Examiner Sinalfi agreed to this course of action. These discussions related to the general thrust of the comments presented to the Examiner.

An agreement as to the allowance of any of the claims was not reached.

Although no fees are believed due, the Commissioner is authorized to charge our Deposit Account No. 08-2789 for any fees or credit the account for any overpayment.

Respectfully submitted,

**HOWARD & HOWARD ATTORNEYS, P.C.**
